

SETSOLAR offers top quality solar geysers, manufactured in a world class production plant using guaranteed and certified materials.

SETSOLAR's solar geyser range guarantees a high performance with a comprehensive 10 year warranty.

SETSOLAR's SGD200 has the following features:

- 98% thermal efficiency
- Internally welded fittings
- 2mm thick boiler material
- 2.5mm thick PEX lining
- 10 Year guarantee
- Maintenance free

MECHANICAL DATA	
Model	SGD200
Boiler Material	Steel
Boiler Material thickness (mm)	2
Boiler Diameter (mm)	450
Casing Material	Galvanized Steel
Casing Diameter (mm)	510
Insulation material	High Density PU
Insulation thickness (mm)	25
Weight (kg)	30
Overall length (mm)	1450
Element (kw)	3
Warranty	10 Years
